Completed Pilot Projects

- PiKS (Patient Interest in Kidney Service)
- Voice-HD

Hubs of Care

Patient Partners

Our sincere appreciation and gratitude to the patient partners who have given their time, expertise, and passion to Triple I over the past 7 years. We are lucky to have some of the most incredible partnerships.

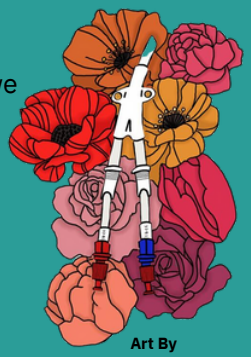
Timothy Slater
Hans Vorster

Can-SOLVE CKD Network

Can-SOLVE CKD 2.0 - Mind the Gap

Improving mental wellbeing is a priority for people receiving hemodialysis.

Building on the work of Triple I, through the Mind the Gap project, we will identify the top priorities for mental wellbeing and care in people receiving hemodialysis, and then develop solutions to address these issues.



Art By Samantha Schellenberg

Patient, Caregiver & Healthcare Provider Survey

Our surveys to identify mental health concerns in people receiving in-centre hemodialysis are now being conducted! These surveys will be available online and distributed in Manitoba, Alberta & Nova Scotia.

Future Publications

An additional 4 publications will be coming out with the end of the Triple I project.

Triple I Project Close

We are extremely grateful to all of our collaborators and participants in the research who have been involved throughout all stages of the research project.

Thank you for your involvement. For more information about Triple I or Can-SOLVE CKD please contact Ashley Seitz at aseitz4@sogh.mb.ca or visit https://cansolveckd.ca/
